CITY COUNCIL

Gives Go Ahead On Paving Project

Following the Public Hearing held at City Hall Thursday afternoon the Hamlin City Council voted to go ahead with the paving project that will pave 13½ blocks of the city's streets. Work was expected to get underway sometime this week.

Abilene Paving Company was low bidder with a bid of \$79,079.90. The work will be under the supervision of Yeatts and Decker, Inc. of Abilene, Consulting Engineers.

The paving will be hot mix asphalt concrete and includes curb and gutters on the streets that do not have existing curb and gutter.

A fairly large crowd was on hand for the public hearing with most of them expressing opposition to the paving.

Mayor Joe E. Ford told those attending the hearing that the council had considered the project thoroughly and that the paving was needed to improve the drainage and handle the traffic on Avenues A, B and C. He told those attending that while the council recognized that the cost of paving was up in price that it was needed if Hamlin was to continue to grow and improve.

He said that the paving in the South west part of the city would connect West Lake Drive with Fifth Street and serves the school, gymnasium and several churches. He also pointed out

that this area has a bad drainage problem and it is hoped that the paving will help.

Most of those protesting the paving said that they did not ask for the paving and could not afford it. A petition signed by a number of residents on Avenue C was presented to the council in protest of the project.

The city is offering a four-year financing plan for the paving at 8 percent simple interest on the unpaid balance.

The city's share of the paving is being paid for by Revenue Sharing funds. This includes the cost of engineering, intersections and other related costs.

No Paper Next Week

There will not be a Herald next week, according to Publisher Bob Craig. In making the announcement he said that this week's issue has been combined with next week's in order to give both the staff and management of the Herald a vacation.

The Herald office will be closed Monday through Friday of next week, July 9 through July 13.

Anyone having news stories for the July 19 issue is urged to either mail them to Box 339 or bring them to the office on Monday, July 16.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Just another reminder that you will not be getting the Herald next week. Both this week's issue and next week's have been combined to allow our entire staff to take a vacation.

We hope that this does not inconvenience anyone too much, but at the same time we do hope that you miss your paper — even just for one week.

Ran across the following column in the Cross Plains Review where a couple there found a copy of an old Washington paper that shows just how skeptical of new inventions most people are.

The story was originally published in a Boston newspaper in about 1865 and then was reprinted in the Wall Street Journal and then later in the Everett (Washington) Daily Herald.

The story concerns the invention of the telephone—that once upon the time luxury that has now become such a necessity in our way of life.

It seems that a German, Reis, first publicly described the electrical device in 1861, but it was not until 1876 that Alexander Graham Bell first patented the invention for practical use.

The clipping follows:

"A man about 46 years of age, giving the name of Joshua Copersmith, has been arrested in New York for attempting to extort funds from ignorant and superstitious people by exhibiting a device which he says will convey the human voice any distance over metallic wires, so that it will be heard by the listener at the other end. He calls the instrument a 'telephone' which is obviously intended to imitate the word 'telegraph' and win the confidence of those who know the success of the instrument without understanding the principles on which it is based.

"Well-informed people know that it is impossible to transmit the human voice over the wires as may be done with dots and dashes and signals of the Morse code, and that, were it possible to do so, the thing would be of no practical value. The authorities who apprehended this criminal are to be congratulated, and it is to be hoped that his punishment will be prompt and fitting, that it may serve as an example to other conscience-less

ALL STARS PICKED — All Stars to represent Hamlin in the 1973 Little League playoffs to be held here July 16, 17 and 20 were chosen Saturday evening. The team will meet Merkel at 8 p.m. Tuesday July 17. The team and coaches are, from left, back row, George Campbell, Marvin Williams, Jackie Cork, Waylon Collins, Ronnie Green, Vance Lakey, Tommy Allen, James Cork; middle row, Keith Alexander, Kenneth Hampton, Frank Lane (alternate), Eddie Ribera, Charles Butler, Joe Don Smith, (alternate), front row, Donnie Gardner, Harold Pruitt, Danny Woolf and Carl Shearer. Hamlin will host the tournament at the Little League ball park. The first game will be Rotan against Stonewall-Kent-Dickens at 8 p.m. July 16. Losers of the first two games will play at 5:30 p.m. July 20. The championship game will be at 8 p.m.

20,000 Acres Sprayed In County for Bollweevils

The Texas State Department of Agriculture and the Jones County Bollweevil Association joined hands here this week in a cooperative effort to control the overwintered bollweevil and the cotton flea-hopper in Jones County, according to Jones County Agent Kirby Clayton. Acreage signed up for spraying had reached the 20,000 mark at press time.

The program is designed to control overwintered weevils

Mike Shivers Serving With State Hospital

Mike Shivers, son of Mr. and Mrs. L. W. Shivers Jr. of Hamlin, has been named chaplain of the Wichita Falls State Hospital. Chaplain Shivers has replaced the Rev. Mather Owen who has transferred to a Vernon drug center.

Chaplain Shivers moved to Wichita Falls from Austin State Hospital where he served his internship from Sept. 1, 1972 to May 30, 1973. He is a 1969 Baylor University graduate with a B.A. degree. He majored in religion and sociology at Baylor and received a master's of divinity degree from Southern Baptist Theological Seminary in Louisville, Ky. While in Louisville, he served for two years as a psychiatric aide and counselor at an infirmary and worked for a year as a recreational director at a home for emotionally disturbed children.

The chaplain works with four units of the hospital including children, alcoholic, mental retardation and geriatrics.

Chaplain and Mrs. Shivers reside at 3406 Arthur. Chaplain and Mrs. Shivers reside at 3406 Arthur Street with their 10-month old son, David. Mrs. Shivers who is also a Baylor graduate taught school for three years in Indiana.

before egg-laying starts and thus prevent heavy build up of weevils during the growing season. Tests plots carried on in Jones County over the past several years have resulted in as much as 50-80 pounds cotton lint per acre increase over the untreated plots.

Stuart Propst, president of the Jones County Bollweevil Association says the program could be worth thousands of dollars to Jones County cotton farmers — not only in yield increases but in controlling the bollweevil for years to come.

The bollweevil spraying contract was made with The Fisher Flying Service of Hamlin, Bob Terry Flying Service of Roby and Jack Henson Flying Service of Abilene. The spray program started early Monday morning and was designed to be completed by Tuesday night or Wednesday.

The spray program includes application of 16 ounces of Low Volume Malathion per acre. Hopefully the program would be completed before bollworms normally appear and thus allow time for beneficial insects to build up to take care of any worms infestation which might result from the spraying.

Freddy Parker and Mark Truett with the State Department of Agriculture in Austin along with Stuart Propst of Anson have been supervising the spray program.

Rummage Sale Set Saturday

"All you can put in a sack for \$1" is being advertised for the July 14 rummage sale sponsored by the Sound of Celebration in the old McDonald Building.

The Saturday (July 14) event will begin at 8 a.m. and proceeds will be used to finance the summer choir tour to Ariz.

3 Charged With Burglary

Three men have been charged here in the burglary of Rockwell Bros. Lumber Company Thursday morning. Twenty-two rolls of barbed wire were taken.

Charged were Jimmy Michael Croan who was picked up at the time of the robbery, Danny Wayne Pope who was picked up in Sweetwater the next day and Harold Douglas Hall who was picked up in Abilene Saturday. All three have been released on \$2,500 bond.

A local citizen called the police station early Thursday morning to report some noises behind the lumber yard. Officer Ronnie Hill and Sgt. Doyce Gillilan took the call and as they pulled into the alley an old pickup truck pulled out running from them. They forced the truck over and arrested Croan at that time. The other two ran from the scene on foot and were not apprehended until later.

The truck was loaded with 22 rolls of barbed wire taken from Rockwell Bros.

The Jones County Sheriff's Department and Texas Ranger Sid Merchant worked with the local Police Department on the arrests.

Dates Set for Homecoming

Officers of the Hamlin High School Ex students started making plans for the 1973 Homecoming event at a meeting Thursday evening in the home of the president, Robert Moore.

Dates for the annual Homecoming were set for Oct. 12 and Oct. 13 with a bonfire to be held Oct. 11.

Mr. and Mrs. O. H. Weaver Jr. were named chairmen of the parade which will be held the morning of Oct. 13.

The Oct. 12 football game will be with Childress.

Visiting in the home of their grandparents, Mr. and Mrs. Bill Kelley, this week were their granddaughters, Diana and Donna Kelley of El Paso, Texas.

Six Chapter Members to Get Honors

Six members of the Hamlin FFA Chapter will receive the Lone Star Farmer Degree at the State FFA Convention in Fort Worth, July 11-13. The Lone Star Farmer Degree is the highest degree the Texas Association of Future Farmers of America can confer upon its members.

Hamlin FFA members to receive the degree are Ricky Crowley, John Hudson, Jim Johnson, Tom Max Hogan, Buddy Killian, and Lanny Wood.

Other Hamlin FFA members planning to attend the convention are George Gonzalez, Randy Elmore, Shorty Mellwain, Larry Jayroe, Rickey Gruben, Donnie Nelson, and Carlos Gonzalez.

Ice Cream Supper Set Here Friday

The Hamlin Lions Club will host their annual Ice Cream and Cake Supper at the high school cafeteria Friday evening. Serving will begin at 6 p.m. and continue until 8 p.m.

Tickets are available from any Lions Club member or may be purchased at the door for \$1.00. Homemade ice cream and cake will be served.

BAKE SALE SATURDAY

A bake sale sponsored by the First Baptist Church youth choir, Sound of Celebration, will be held Saturday, July 7.

Proceeds go to finance the summer choir tour to Arizona. Cakes and pies of all kinds will be on sale in downtown Hamlin.

GATHERING PAPERS — Youngsters helping with the city-wide pickup of paper for the summer recreation program battled the wind Friday. Here, boys sit on the papers in the pickup to keep them from blowing away. In the background several of the youth are loading the big trailer used for the paper collection.

NEWS FROM...

Old Glory

by Bernice D. White

The Old Glory Variety Club met on Tuesday of last week in the home of Mrs. Herman Dugan. They enjoyed exchanging birthday gifts and playing games.

During the business meeting the group discussed the newly organized TGO Club in Aspermont, and several of the members expressed interest in attending the Flee Market that the TGO Club will be sponsoring in Aspermont on Wednesday, July 11.

The Variety Club members voted to adjourn their meetings until September; at that time Mrs. Katie Gerloff will host the meeting.

Big Five Golf
Sets Knox City
Play July 17

The next scheduled play for the Women's Big Five Golf Association will be at Knox City July 17.

Coffee and donuts will be served at 8:30 a.m. Tee off time will be at 9:00 a.m.

For reservations call Faye Graham at 658-2011 by 5:00 p.m. Monday, July 16.

Twenty golfers played at Monday and the winners included first Low Gross, Ruby Medford, Runner-up Naomi Bell; Low Net, Dorothy Smith, Runner-up Arnell Denton; Low Putts, Odell Harbert; second Low Gross, Lola Milstead, Runner-up Margie Hitt, Low Putts, Inez Ferguson; Low Net, Temple Alvis and Pat Ford, tied; Third Low Gross Darlene Phillips, Runner-up Mary Kennedy, and Low Putts, Betty Skiles.

Dinner Marks
88th Birthday

S. F. Clay celebrated his 88th birthday at a dinner at his home Saturday.

Guests included Mrs. Clay, Mr. and Mrs. George Clay, Mr. and Mrs. Claude Dawes, Mr. and Mrs. Gene Coleman and son, Mrs. Willie Bowman, Mr. and Mrs. Herbert Crouch and family, Mr. and Mrs. Curtis Lan, Mr. and Mrs. Elmer Strawn, Mrs. Lewis Woolf, Debbie Woolf, Annette Woolf, Donnie Woolf and Michael Woolf.

The Old Glory Homecoming Committee of 1973 held their first meeting Tuesday evening in the home of Mr. and Mrs. Morris Garner. In checking the addresses, the group found that many of the former students, teachers and friends have moved since the meeting three years ago. They are appealing to everyone in the area to supply them with addresses of anyone they feel needs to be contacted about the Homecoming.

Officers for this year's Homecoming are Morris Garner, president; Ed Wolsch, vice president; Bernice D. White, secretary-treasurer, and Mrs. A. R. Sawyers, assistant secretary-treasurer.

Gift Tea Here
Honors Pat
Perrin Saturday

A gift tea honoring Pat Perrin of Cameron, bride-elect of Randy James of Junction, was given Saturday afternoon in the home of Mrs. M. L. Smith.

Guests were greeted by Mrs. Smith and presented to Mrs. E. D. Perrin of Cameron, mother of the honoree; the honoree; and Mrs. Raymond James of Junction, mother of the prospective bridegroom.

The serving table was covered with a white organdy cloth with satin edged ruffled skirt. The centerpiece of yellow gladioli and yellow carnations was arranged in a silver container. Other appointments were in silver. Miss Rena James of Junction, sister of the prospective bridegroom, poured.

Hostesses with Mrs. Smith were Mmes. Bobby Crowley, Melvin Scott, Billy Joe Wilson, Bob Craig, Leldon Clifton, J. C. Turner, B. V. Newberry, Jack Vaughan, John Hudson, W. T. Johnson, Cliff Reynolds Jr., Jerry Waggoner, Holly Toler, Bill Rountree, Sam Ferguson.

Miss Perrin, formerly of Hamlin, and Mr. James will be married in August.

Mr. and Mrs. Harold Williams and Mr. and Mrs. F. F. Shout celebrated their wedding anniversaries by spending a few days in Houston last week. They watched the Houston Astros and the Cincinnati Reds Monday and Tuesday nights.

MR. AND MRS. DOYLE McKENNON
...to be honored July 15 at Open House

Open House to Mark 50th
Anniversary Here July 15

Mr. and Mrs. Doyle McKennon Sr. will be honored Sunday, July 15, at open house in observance of their 50th Wedding Anniversary. Friends are invited to call from 2 to 5 p.m. at the couple's home, 402 Northwest Ave. G.

The couple's son and his wife, Mr. and Mrs. Doyle McKennon Jr. of Shallowater, will host the event.

Other members of the houseparty will include grandchildren and their families, Mr. and Mrs. Rickey McKennon, Douglas and Stephanie, Terry McKennon, all of Shallowater, and Karen McKennon of Wellman.

Mr. McKennon was born Jan. 26, 1904, in Roby and moved to Jones County in 1912.

Mrs. McKennon was born July 10, 1907, in Limestone County and moved to Jones County in 1922.

The couple married July 14, 1923, in Haskell and have lived all their married life in Tuxedo community where he is still active in farming. They moved to Hamlin in November, 1966.

Both are active members of the First United Methodist Church here. They have three grandchildren and three great-grandchildren.

Happy Homemaking

By BARBARA BAKER

When putting rubber cups on chair legs, insert a metal washer first. The leg will not cut through the rubber.

Turn an aerosol spray can upside down and give two or three short blasts to clear the nozzle, after you are through with your spray job.

Car seat belts can be used for things like securing a boxed birthday cake or bags

of groceries so that they will not slip off the seat.

Get a repair kit containing a tube of cement and patching material to repair deflated blow-up plastic toys.

Remove the "tar" on your hands after peeling sweet potatoes by rubbing the hands with cooking shortening and then washing with soap and water.

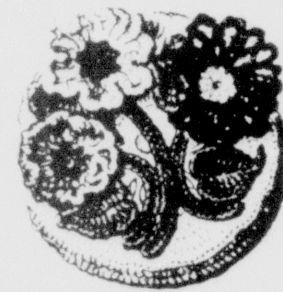

Fix-It Tip

Do not mow wet, slippery grass. Do not run-walk. Do not pull the mower toward you. Do not leave the mower running if you have to step away for a moment. Mow horizontally across a slope; never up and down.

Most safety precautions make good maintenance tips. Keep all nuts and bolts tight. Check blade mounting nut for tightness — making sure the spark plug is disconnected first.

Check oil level and change oil at recommended intervals. Remove blades and sharpen with a file. File evenly and keep the blade balanced. A dull and rough blade will leave the grass brown.

Visiting in the home of Mr. and Mrs. L. R. Andress and Ray were Lt. Col. and Mrs. John P. Baker Jr., Dana and Lori of Monroe, La.; Mr. Baker's grandmother, Mrs. Maud Baker of Alexandria, La., 90, who is an artist in oil painting.

Homemakers
Class Holds
Coffee Sat.

Homemakers Sunday School Class of First Baptist Church met Saturday morning for a coffee in the home of Mrs. Bill Shira. Mrs. Herman Woods was co-hostess.

Members attending were Mmes. Joe Wayne Carter, Johnny Steele, Sam Ferguson, Clyde Lewis, Garnet Waggoner, Lynn Mink, Bob Craig, Marvin Carlton, and Joe E. Ford.

Miss Cheshier
Honored With
Gift Tea Here

Crystal Cheshier, bride-elect of Donovan Colley, was honored Saturday at a gift tea in the home of Mrs. Herman Daniell.

In the receiving line were Mrs. W. J. Cheshier Jr., mother of the honoree; the honoree; Mrs. Melvin Scott, mother of the prospective bridegroom; Mrs. W. J. Cheshier Sr. and Mrs. J. A. Morris, both grandmothers of the honoree.

Mrs. Barry Cheshier of Grapevine, sister-in-law of the honoree, poured. The refreshment table was covered with a linen cloth from Belgium and centered with an arrangement of hydrangeas and fern. Crystal appointments were used.

Hostesses with Mrs. Daniell were Mmes. T. C. Blankinship, J. E. Beard, R. B. Boil, Loyd Burkhart, Leldon Clifton, Bertha Colwell, L. J. Cunningham, Horace Daniell, Roy Embrey, Charles Ferguson, Edward Gardner, Steve Herring, Ed Lewis, C. E. Pearce, Kenneth Riddle, Ezra Shira, Phil Smith, R. D. Wade, V. M. Wallace and Miss Pat Blankinship and Miss Velanne Rowland.

The couple will be married July 21 at 6 p.m. in the Hamlin Church of Christ.

Carol Martino,
Jerry Caldwell
Plan Wedding

Mr. and Mrs. John Stephen Martino of Penrose, Co., have announced the engagement and approaching marriage of their daughter, Carol Jean, to Jerry Leroy Caldwell, son of Mr. and Mrs. B. J. Caldwell of Lafayette, La., former Hamlin residents.

The couple will be married Aug. 18 at 2 p.m. in the First Baptist Church of Lafayette.

The prospective bridegroom is a native of Hamlin. His grandparents are Mr. and Mrs. R. D. Caldwell.

Engraved invitations at the HERALD.

Mrs. Nichols
Honored With
Shower Here

Mrs. Raymond Nichols Jr. was honored with a pink and blue shower Thursday evening in the home of Mrs. C. G. Grigg. A number of friends and relatives attended the event.

Refreshments of cake and punch were served from a table centered with a bassinet shaped cake of green and yellow.

Marshmallow booties tied with assorted pastel ribbons were presented to the guests.

Hostesses were Mmes. Grigg, Mikel Kelley, Marion Reed, Chuck Ledbetter, Larry George and Gary Cooper.

Buffet Here
Honors Couple

Pat Perrin of Cameron and Randy James of Junction, who will be married in August, were honored Saturday evening at a buffet in the home of Mr. and Mrs. C. Weldon Griggs.

Other hosts were Mr. and Mrs. Weldon Carlton, Mr. and Mrs. John C. Bryant, Mr. and Mrs. Henry Albritton, and Mr. and Mrs. John D. Ferguson.

Yellow gladioli in a silver bowl centered the polished serving table. Yellow roses and white daisies were used in other decorations.

Special guests were families of the honored couple, Mr. and Mrs. Ray James and Rena James, all of Junction, Dr. and Mrs. E. D. Perrin, Greg Perrin and Chris Perrin, all of Cameron.

HOSPITAL PATIENTS

Patients at Hamlin Memorial Hospital Tuesday morning were:

Lillie Wilson
Mrs. Pearl Johnson
Sol Branscum
Delia Moore
Mrs. R. H. McCurdy
Gene Scott
Mrs. Alton Mayfield
Mrs. Tom Jones
Joe Murff
Mrs. Jess Young
H. O. Irvine
Tom W. Rash
Mabel Hall
Mrs. Clara Dominey

Sets Meeting

The local chapter of American Association of Retired Persons will meet Tuesday, July 10, at 8 p.m. for an ice cream and cake supper at the home of Mr. and Mrs. O. G. Harvey.

Members and prospective members are asked to bring their lawn chairs.

Mrs. Baird baked her bread the old-fashioned yeast-rising way for wonderful flavor and soft texture.

Today her family still uses that baking method... because they still care about quality.

FROM THE FILES . . .

FIFTY YEARS AGO
(July 6, 1923)

Last Saturday afternoon a small bunch of clouds appeared in the north east of Hamlin and came swooping down across the country bringing a refreshing shower extending a few miles east of town and towards the west was considerably harder, with a destructive hail, beginning about six miles west of town and extending about eight miles wide. This strip seems to have backed into Stonewall county, but hit Fisher about the Hitson school community and continued on its course over the Royston country and in about Sylvester there was reported a hard wind and bigger hail.

A revival meeting will begin at Carlton, Sunday, July 15. Prof. W. K. Twyeffort and Mrs. B. M. Kilgore will conduct these meetings, they will be assisted in the singing by Mrs. S. O. Bowman and Miss Ruby Phoenix.

The last ten days has seen rapid progress in the growth of cotton and feed. Cotton is putting on fruit and blooming quicker this year than usual. Early maize is going to make with but little more rain. There is but a small acreage of Indian corn and some fields are now in roasting ears.

TWENTY YEARS AGO
(July 10, 1953)

Sarah Kay Fomby, daughter of Mr. and Mrs. E. B. Fomby, was the youngest flag carrier in the Stamford Reunion. She carried a flag in the grand entry and rodeo in each performance. Last year she was Hamlin's sponsor.

While income from farming operations in the Hamlin area has been running far below normal for three years due to the drouth, farm prices for the state as a whole were down an average of 5.7 percent in June from the returns of crops in May, according to U. S. Department of Agriculture.

Most wheat produced in the Hamlin area the past season went into government loan under parity provisions, report the three grain buyers of the section. Parity is a price designed to be fair to farmers in relation to process the pay.

Saturday will be a red letter day in the lives of four Hamlin Boy Scouts as they began a trip to the National Boy Scout Jamboree in California. The four boys, Don Adair, Carl Weaver, Ronny Parker and Davey Weaver, have been planning and looking forward to the trip for weeks.

Local carloadings for the Missouri-Kansas-Texas Lines for the week ending June 26, 1953 were 5,892 compared with 6,377 for the corresponding week last year.

Neinda Philosopher Gets Tangled Up
Trying to Figure Out Summit Meetings

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One gets off into international affairs this week, we suppose.

Dear editor:

I guess at the top of a long list of things I don't understand and never expect to be international relations, especially summit meetings.

As I recall the events of the past few years, President Nixon first went to Red China. Then, to keep things in balance, he went to Communist Russia. Russia and China are nervous about each other and you can't visit one without visiting the other. Last week Chairman Brezhnev visited the U. S., and as soon as he left, Washington announced Kissinger would go to China to reassure that country everything is still all right.

When he left here, Brezhnev went to Paris to assure President Pompidou that Russia wasn't making any deals with the U. S. at France's expense. Now won't he have to come back over here to assure us he didn't make any deals

with France?

This thing could go on forever, with leaders circling from summit to summit reassuring each other everything is like it was the last time around.

As a sidelight I have been keeping score on the gifts exchanged at these summit meetings and so far I believe Brezhnev is ahead. That is, when Mr. Nixon went to Moscow he brought Mr. Brezhnev a two-toned Cadillac. Mr. Brezhnev gave him a small 27-foot boat. In China Mr. Nixon gave those folks some porcelain birds, four redwood trees and two muskoxen. When Mr. Brezhnev visited the U. S. last week President Nixon gave him a Lincoln Continental and a \$12,000 hand-made rifle. If Mr. Kissinger on his trip of reassurance to China takes say a box of Christmas cards, a few firecrackers and a calendar, the Chinese may start scratching their heads. When Mr. Brezhnev visited France, Mr. Pompidou gave him two cars, a Citroen-Mazarati and a Renault 16, whatever those are.

As I say I have no idea what the summit meetings have

resulted in, especially if one country or the other loses the papers they've been signing, but so far the score is: Mr. Brezhnev, four automobiles; Mr. Nixon, a small boat; the Chinese, four trees and two muskoxen; and France, a pat on the back. The tenses you are the more you get.

Yours faithfully,
J. A.

Set Dinner
Saturday

Oak Grove Baptist Church Sunday School will sponsor a dinner Saturday evening in Fellowship Hall. Serving will begin at 6 p.m. The meal will be \$1.75 per plate.

The menu will include baked ham, cut green beans, broccoli and rice, fruit salad, Louberta's hot rolls, assorted pies, and iced tea.

Recent visitors in the home of Mr. and Mrs. W. H. Little were her sister, Mrs. Ima Wellman of Dallas, her father, J. H. Rial of Avoca, and a brother and family, Mr. and Mrs. O. A. Rial of Abilene.

TEN YEARS AGO
(July 2, 1963)

Managers of the Hamlin Swimming Pool have announced a special morning for women swimmers. Every Tuesday morning from 10 to 12 has been designated as Woman's Morning. All women and girls have been invited to take part.

The Hamlin Hawks lost their first game of the season last week as they were upset by the Haskell teenagers, 3-2. In other action in the teenage baseball league play, the Hamlin Oilers scored two runs in the last of the seventh to overhaul the Roby Lions 7-6.

The Jones County 4-H Dress Revue will be held on July 9, at 7 p.m. in the Anson School Cafeteria. All 4-H club members are urged to enter garments.

Three cotton Insect Field Meetings will be held in Jones on Monday, July 8, according to information today from the County Agent. Meetings are being held to help farmers with any insect problem with cotton, grain sorghums or other field crops which they might have.

The Semi-pros shut-out Aklins of Abilene last Sunday 4-0. Teddy Underwood was the winning pitcher Wednesday night against Aspermont. The final score was 10-0.

NEWS AND VIEWS . . .

And What Have You

—Continued from page one

schemers who enrich themselves at expense of their fellow-creatures."

In the same column we ran across the following tip for obtaining earthworms for luring fish on a hook.

It seems that John White, grandson of The Review's publisher, Jack McCarty, enjoys fishing and hunting to the hilt. He recently demonstrated a technique for gathering earthworms which is so easy it could make those who have dug the slippery creatures for years downright mad.

He simply mixes a cup of Clorox (liquid bleach) with three gallons of water. He then finds a likelylooking spot for earthworms. After pouring the mixture evenly over a small area of the ground, he waits for about 20 seconds for the worms to emerge.

He then simply picks the worms up from the top of the ground. There is no harm done to either the earthworms or the ground.

We take no credit tip and make no guarantees, but you at least won't be out much if it doesn't work.

SCIENCE
and GOD

Not too long ago, a man determined from accounts in the bible that oil could be found in certain areas of bible lands . . . now this country is rich in oil wells.

In the past, vigorous arguments arose between some scientists and bible scholars, however with the passing of time, new discoveries in science have helped us to have a better understanding of God's word and now most scientists and bible scholars are in accord. God's word has not needed to be proved, for it will stand forever.

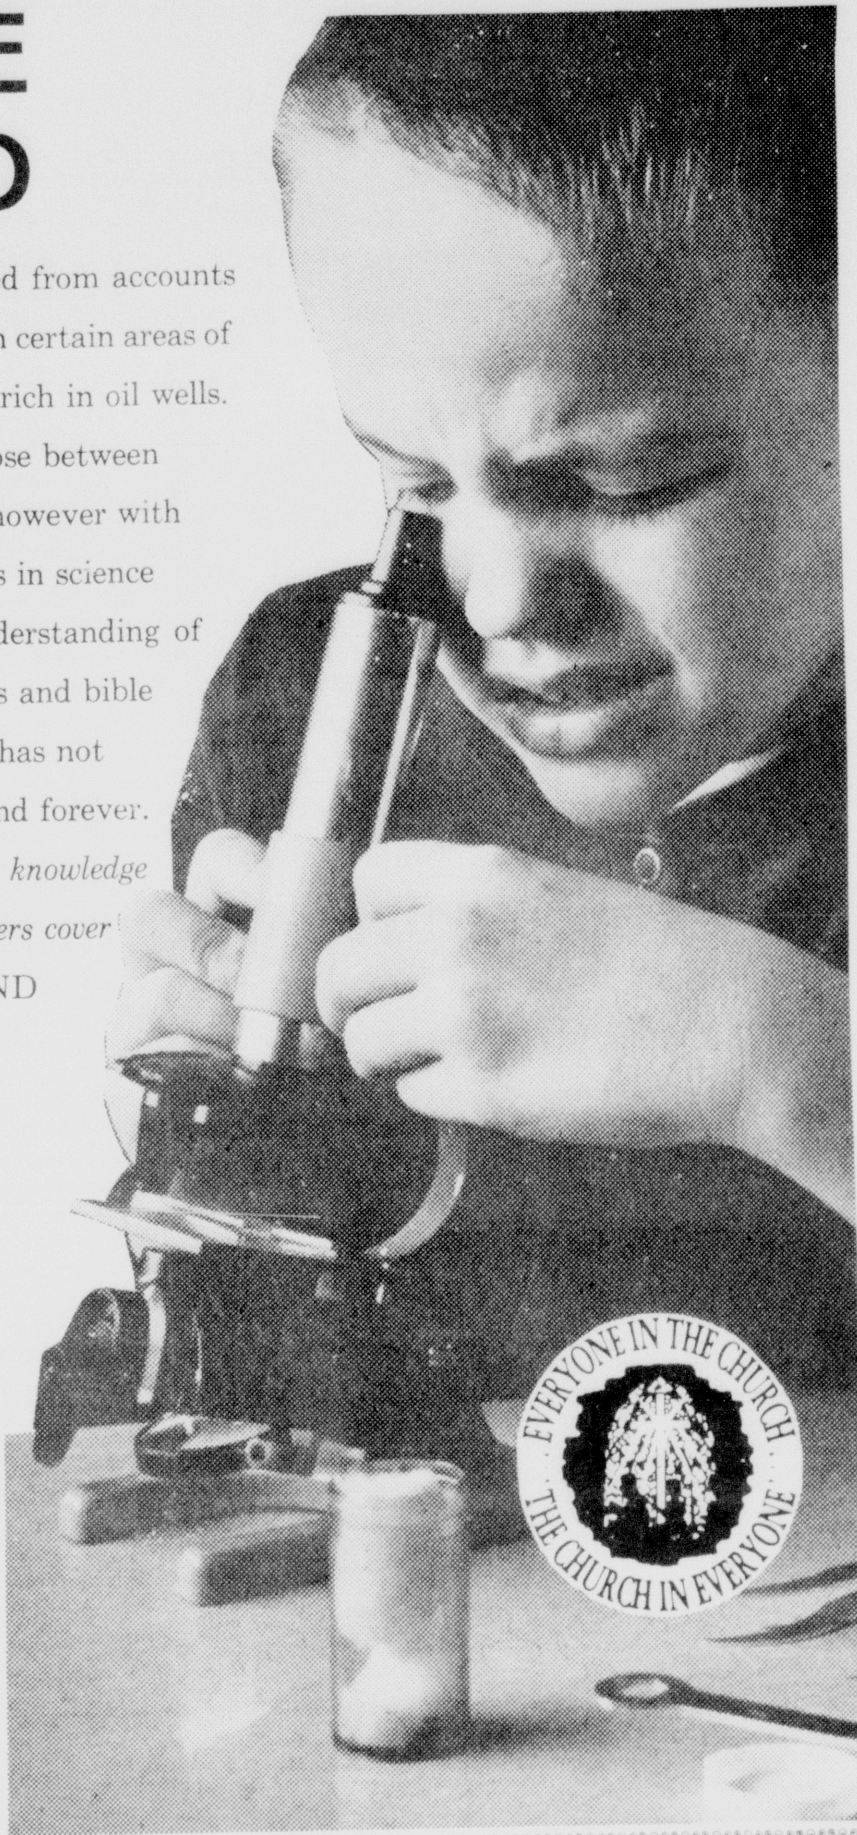

"For the earth shall be filled with the knowledge of the glory of the LORD, as the waters cover the sea." ATTEND CHURCH AND STUDY GOD'S WORD.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Dyess Announces Low Level Flying Routes Over Area

The world wide commitments of the 463rd Tactical Airlift Wing (TAWg) at Dyess Air Force Base, Abilene, Texas, require that the highest possible degree of proficiency must be maintained by all aircrews.

As a result, the Wing's C-130 Hercules aircraft are flown at low level altitudes over the "big country" on a daily basis in order to keep the 463rd TAWg aircrews current in all modes of aerial delivery.

With good flying weather for the summer, the number of low level flights will be increased. Also, with the addition of another squadron of C-130's to the 463rd TAWg, low level training flights will become more frequent.

These low level flights may be scheduled between 8 a.m. and midnight, Monday thru Friday, and less frequently on weekends. Daylight missions are flown at an altitude of 500 feet above the terrain while night low level activities are conducted at least 1,000 feet above any obstacle, man made or geographic, within three miles of the prescribed route. Airspeeds will vary from 150 to

290 miles per hour.

All flights are made along specific routes which are approved by Tactical Air Command. Minimum disturbances of farms ranches and communities is the primary consideration in selecting low level routes. Towns, local airports, resorts, hatcheries and stocker pens are avoided when planning the routes and will not be overflown under any normal circumstance.

463rd officials would like to emphasize that, even though training must be conducted at low level and high airspeed in order to be realistic, all possible precautions are taken to prevent disruption of local agriculture and community activities.

These training flights occur over the following counties: Knox, Haskell, Stonewall, Throckmorton, Shackelford, Baylor, Garza, Scurry, Fisher, Jones, Stephens, Mitchell, Nolan, Taylor, Callahan, Eastland, Coke, Runnels, Coleman, Brown and Tom Green.

Although the primary mission of the 463rd TAW is a military one, its aircraft and crews are ready, able and willing to assist in a non-military role. In the past the wing has provided help in flood relief, hurricane assistance, air-evacuating burn patients to the burn treatment center in San Antonio, and dropping hay to stranded cattle.

Car Wash

The Sound of Celebration will sponsor a car wash on the parking lot of First Baptist Church Monday, July 9.

Residents are to call the church office, 576-3664, for pick up and delivery service.

The car will be cleaned inside and out but the floor mats will not be removed, the youth choir members noted.

Rep. Joe Allen of Baytown asked for an attorney general's opinion on whether the House has an obligation to provide free space in the capitol for news reporters.

Neinda Philosopher Finds More Ramifications of Watergate Affair

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One comes up with what he considers another strange aspect of the Watergate hearings.

Dear editor:

A lot of people are asking, how do you tell who's lying and who's telling the truth in the Watergate hearings?

About 90 percent of the time I can't tell you, but occasionally you can figure out, or at least estimate, when two witnesses are telling the truth.

For example, one says the

other is a liar, the other says the former is a liar. It's possible both are telling the truth on that point.

At any rate, the hearings are certainly teaching me some things I didn't know before.

For example, one Senator, in raking a witness over the coals after he'd admitted he'd been caught inside the Democratic Headquarters at 2 o'clock in the morning with the burglar tools on him, said, "Look, here you are a man with two college degrees, didn't you have better sense than to pull a stunt like that?"

This puts an entirely new light on college degrees, one I'd

never heard of before. I had always thought that a college degree was a report on how many courses you had passed, not how much sense you've got.

If colleges are paying any attention to the hearings they'll take immediate steps to stop the spread of the notion that a degree implies the holder is a

Mr. and Mrs. Jose G. Herrera of Rotan are parents of a boy, Ruperto Herrera, 7 lb. 11 1/2 oz. born July 1 at 12:17 a.m.

Patti Murphree of Canyon visited her parents, Mr. and Mrs. J. O. Murphree, during the weekend.

sensible man. He can or he can't be, but the diploma is no index. That ain't what it's for, and it's wrong for the Watergate hearings to be giving out such a notion. While it looks like nearly everybody touched by Watergate has been damaged, I'd figured at least the colleges would escape.

Who knows, it may spread

Mrs. Willis Paige visited three weeks in Los Angeles, Ca., with her son and family, Mr. and Mrs. Arthur Caraway and four daughters, and with her daughter, Gillis Nell, and family, Mr. and Mrs. William Carnes, Steve and Michael.

even to farming before it's over. If I can remember where I was on the night of the burglary, I'm going to get some friends to swear I was with them, makes no difference how many different places it comes to.

Yours faithfully,
J.A.

Visitors in the home of Mr. and Mrs. Bernie Smith over the weekend were their three children and their families, Mr. and Mrs. Durwood Smith, Kathy and Craig of Brady, Mr. and Mrs. Delbert Smith, Judy and Jan of Abilene, and Mr. and Mrs. Max Scott, Debbie, Kim and Michael of Oak Ridge, In.

Rev. Stewart Returns Home

The Rev. Marshall Stewart, pastor of the Church of the Nazarene, was released from Hamlin Memorial Hospital Monday afternoon where he had been a patient since Thursday.

Rev. Stewart became ill at his home Thursday morning and was taken to the hospital by his wife about 8:30 a.m.

Mrs. Stewart said Monday that he will not be confined to his home but he needs to limit his work load since the condition he experienced should be taken as a warning.

People in the community became concerned when it was first thought that he had suffered a heart attack. He was placed under observation and his condition was later diagnosed as angina pectoris. It was necessary that he have oxygen at first and no visitors were allowed to enable him to have complete rest, the family said.

Lodge Meeting

The regular meeting of Hamlin Lodge No. 958 A.F. and A.M. will be held at 7:30 p.m. Monday, July 9, according to Herbert Crouch, W. M.

Installation of officers will be held and presentation of 25-year pins will be made. Also regular business will be conducted. Refreshments will be served.

Cindy Bryant of Fort Worth spent the weekend with her parents, Mr. and Mrs. John C. Bryant.

Short Takes

Heavy Import

Marble in the cathedral-like lobby of the Empire State building was imported from four different countries — Belgium, France, Germany and Italy.

John Brown's Children
John Brown, U.S. abolitionist and leader of an 1859 attack on Harpers Ferry, had seven children by his first wife and 13 by his second wife.

On Again, Off Again
The motto, "In God We Trust," first appeared on some U.S. coins in 1864, disappeared and reappeared on various coins until 1955, when Congress ordered it placed on all paper money and all coins.

Bread Stuff

If half the wheat and rye grown annually were turned into bread, there would be at least 100 one-pound loaves per year for each of the world's inhabitants.

Symbol of Mercy
The sword "Curtana" was the blunted weapon of the English king, Edward the Confessor. A symbol of mercy, it is carried in the coronation procession, before the kings of England, between the swords of justice temporal and justice spiritual.

Mrs. Poston Receives BS Degree At TWU

Mrs. J. B. Poston of Dallas received a bachelor of science degree from Texas Women's University, Denton, during May commencement exercises. Her major is nursing and her minor is psychology.

Mrs. Poston, the former Terese Perrin, is the daughter of Dr. and Mrs. E. D. Perrin of Cameron.

She is a graduate of Hamlin High School. Her husband is employed by Braniff International. They have one son, Bryan, 3.

The family will be moving from Dallas to Grapevine where Mrs. Poston is staff nurse at Grapevine General Hospital.

Employees Take First Aid Course

An American Red Cross multimedia standard First Aid course was held in the Hamlin High School cafeteria June 26-27 for the employees of Texas Pacific Oil Co., Inc.

The course was given in two classes of eight hours each. Qualified multimedia First Aid instructors were Dean Witt of Abilene and N. K. (Pat) Patterson of Hamlin.

Those taking the two-day course were A. D. Asher, Joe Fleckenstein, Cliff Crowley, Rollins Roth, Don Norris, Joe Adams, Corky Bond, Rupert Compton and Homer Tudor, all of Hamlin; Jack Townley, Winston Gravey, J. B. Reeves and I. W. Smith, all of Haskell; J. B. Rose and J. D. Aldridge, both of Lawn; Jeff Willis and Larry George, both of Abilene; Dave Mitchell of Aspermont and Lee Hastings of the Hamlin Independent School District.

Mr. and Mrs. T. P. Fincher of Albany spent Friday night with their daughter and family, Mr. and Mrs. Bob Craig, Darrell and Rick.

Fuel Shortages Could Have Been Avoided -- Burleson

WASHINGTON, D. C. — Things—like people—need to be in the right place at the right time.

This is the situation relative to an adequate supply of fuels. As has been opined in this space before, there are sources of fuels, if made available.

There is really no justification for shortages in gasoline and fuel oils, which now face many parts of the Country and which may become worse before it becomes better.

Those knowledgeable of the background of circumstances saw the shortage coming several years ago and warned of policies which have created the lack of supplies now apparent.

A few glaring examples illustrate what is now happening. In the first place, tax incentives and tax policy have not encouraged new exploration for oil and gas. More immediate have been policies related to the environment. Everyone wants the environment protected and it can be protected with application of some common sense.

The Environment kick we have been on the last few years has prevented the construction of new oil refineries. This is a bottleneck in finished products at this time.

Deep-Sea unloading ports have not been developed; nuclear energy plants have been held up; pipelines have not been built and, particularly, the one from the North Slope of Alaska where an ocean of oil was discovered in 1968.

The argument over the construction of a pipeline from Northern Alaska to the Southern Port of Valdez has raged for three years.

The contention of the environmentalists has been, and continues to be, that a pipeline would spoil the Nation's last true wilderness; another is that

tankers at the port of Valdez would foul the Gulf of Alaska; another is that a trans-Canadian pipeline to our Midwest would be preferable. Millions of dollars have already been spent in the most painstaking research to insure that a pipeline across Alaska would not disturb the environment. Every contingency has been anticipated from the needs of caribou herds to the potential effects of earthquakes.

Volumes of research have concluded that a 789 mile pipeline from Prudhoe Bay down to the ice-free Port of Valdez would eventually be an invisible hairline in the awesome vastness of Alaska's 586,412 square miles. Its entire right-of-way would not be as wide as a modern highway, of which, incidentally, Alaska has none.

Emotions are raised by the notion that migratory animals, such as the caribou, would be unable to pass over the pipeline.

The facts are that more than half of the pipeline would be buried 7 to 10 feet underground. Where it is above ground, underpasses are provided and tests have been physically carried out to show that that

migratory animals readily use the trails under them. Lines would be buried at least 5 feet below each of the 350 stream beds which it would traverse. It is planned that vegetation would be naturally replaced and that in a short time any denuded area would be healed over.

No doubt, some oil spillage is bound to occur in any seaport but every precaution is now being made to prevent it.

A final argument against the Alaskan pipeline argument is that a transCanadian line would be preferable. It is well documented that an Alaskan line can be completed in 3 years, while it would take a minimum of 10 years, even if all political problems were solved now, to bring a pipeline across Canada. This means that our oil-hungry Country could not get its own Alaskan oil until the early 1980's.

Finally, since many environmentalists are sure that a pipeline would soil and spoil our own backyard, why ask the Canadian Government to let us use their land for this purpose?

A report on two history-making grain movements

Two "Backbreakers" BACK-TO-BACK

1. The huge export grain movement

(Santa Fe can report "mission accomplished" for moving its share of grain to Russia — just one phase of the big export job!)

2. The largest winter wheat harvest in history along the Santa Fe

(Now getting underway)

Moving millions of bushels of grain is a big job. To move it in a limited time period while the economy is booming and all shippers calling for more cars and service, makes these huge transportation projects "BACKBREAKERS."

Santa Fe is setting records meeting current demands for service, but no backs are being broken. For example, since last August Santa Fe has moved over 150,000 carloads of grain, a 50% increase in shipments. That's a staggering amount, but it's only part of the story.

With no prior notice to the rail industry to make special preparations, the Russian grain movement of 400 MILLION bushels was announced last year with a completion deadline of May 31, 1973. At the same time even many more millions of bushels were also being exported to other nations.

What Santa Fe did. Starting with a transportation system in excellent condition, Santa Fe people put their "know how" and all facilities in full throttle position.

2,000 new jumbo covered hopper cars were added to bring Santa Fe's fleet to 12,000, the largest in the rail industry.

4,100 smaller covered hopper cars were drafted for use, too, as well as regular box cars. Open top hoppers not normally used for grain were also employed. In addition 64 new diesels are now hard at work moving the record traffic volume.

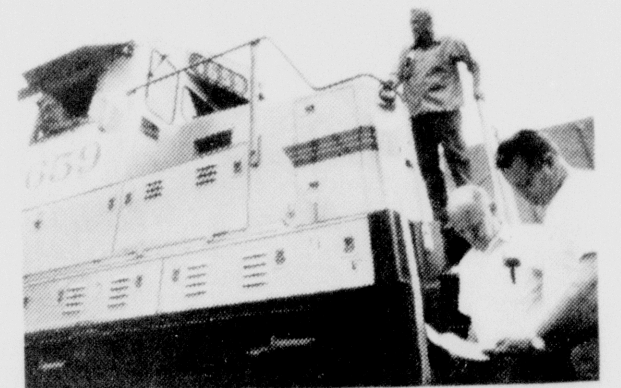

Even with all of this, special measures were worked out at considerable expense to the Santa Fe for handling cars to minimize port congestion and keep the railroad fluid.

Santa Fe can report "mission accomplished" for handling its share of the grain to Russia, and we still have other export grain to move, but the big job now ahead is moving this year's harvest.

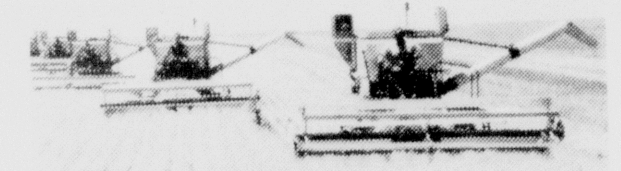

Largest wheat harvest along the Santa Fe, 687-MILLION bushels
The harvest extends from Texas, across Oklahoma, Kansas, into Colorado and New Mexico. It is already started. It is a vast project and the Santa Fe job is to move the wheat to elevators during the brief period of harvest time.

What Santa Fe is striving for principally is more efficient car utilization, faster yard operations and the best possible use of locomotives to move the grain while keeping all freight rolling.

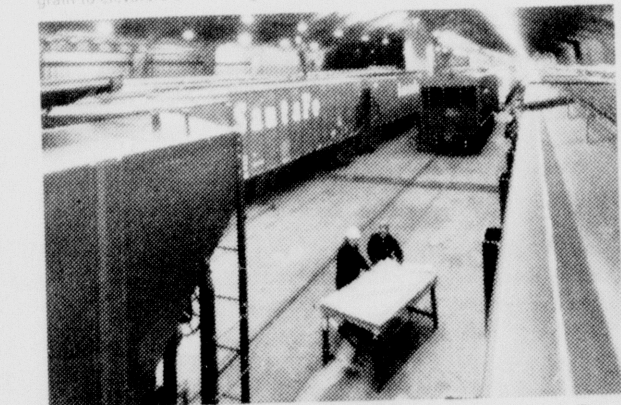

It's a job that can't be done without the help of everyone in the grain industry and cooperation of all shippers. With everyone working together, two of the greatest moves ever recorded in the history of rail transportation will be accomplished. . . the huge multi-million bushel export grain movement and the largest harvest in history along the Santa Fe. Two "BACKBREAKERS," back-to-back, with Santa Fe putting its best efforts into getting the job done.

Santa Fe employees who have worked long and hard on the export wheat project, are now focusing all efforts on the new harvest.

The harvest moves at a record pace with Santa Fe kept busy hauling the new grain to elevators and milling centers.

2,000 new jumbo covered hoppers bring Santa Fe's fleet to 12,000. These giant cars are ideal for moving grains, potash and other bulk commodities.

Highlights AND Sidelights

AUSTIN — The last of 19 public hearings by the Texas Constitution Revision Commission were held in Waco and Austin last week.

It was the largest meeting with 34 out of 37 commissioners attending.

Witnesses in Austin before the full commission and committees made recommendations for changes in the 98-year-old document.

Speakers, legislators and commission members agreed that it is going to be a tough job to write a new constitution that will be approved by the voters of Texas.

"You must write an intelligent document that can be understood by the man on the street," one speaker said.

Representative Bill Clayton, Spring Lake, reviewed his constitutional revision plan that was introduced in the last legislature. Clayton said that we need a short, concise document similar to the federal constitution that would also leave the present constitution intact until changed by two-thirds vote of the legislature.

"There's going to be some knock-down, drag-out battles over sacred cows in the present constitution." Right-to-work, dedicated funds, the judicial article, state government financing, public school financing are some of the controversial topics which must be considered by the commission and then the legislature.

Bill Gray, Texas Manufacturers Association, spoke for budget execution authority for the governor.

Other speakers during the final two days of public hearings in Austin

Other speakers during the final two days of public hearings in Austin and Waco spoke for: removal of sections that are statutory in nature, continuation of pay-as-you-go plan, stronger county government, fewer elected officials and more appointed officials, more power for the governor, life appointment for all judges, and many other major changes in the existing constitution.

CITY TAX REVENUE BOOMS — Nearly 700 Texas cities levying local option sales taxes collected \$45.9 million from the levy and Dallas \$6.3 million.

COURTS SPEAK — The State Supreme Court agreed to review a case involving closing of a portion of a street which a hotel operator claimed cost him loss of business.

The High Court agreed that a Bexar County district court should try a \$294,943 damage suit brought by the State Insurance Board receiver on behalf of two defunct San Antonio insurance firms.

In still other cases, the Supreme Court ruled:

That a single guaranty agreement can apply to all bank notes a borrower may have.

A Matagorda County tractor driver who had his leg crushed on the job can't collect workmen's compensation because he didn't file his claim in time.

Damages awarded an Abilene truck driver can be reduced because of a showing that he had opened a sliding door of his truck before the accident in which he was injured.

A new trial should be held in a damage suit resulting from death of a Houston man crushed between two trucks.

A nearly-six-months' delay has been granted for appeal of former House Speaker Gus Mutscher's conspiracy-to-accept-a-bribe conviction.

A U.S. Supreme Court decision striking down state aid to parochial schools prompted a request for an attorney general's opinion as to the Texas tuition-equalization grants in private colleges.

AG OPINIONS — A prison sentence to be imposed and the manner it is to be served is determined by statutes existing at the time of the crime, and any effort to invoke statutes later enacted is imposition of an unconstitutional ex post facto law, Atty. Gen. John Hill held.

In another recent opinion, Hill held abolition of the officer of county school superintendent in a county may not be accomplished by a special or local law.

SAFETY DRIVE LAUNCHED — City and county of-

ficials were urged by the Governor to give top priority to a cooperative all-out attack on the rising traffic toll.

The \$1 million joint effort, to be known as Project SAVE, will be launched July 1 in San Antonio, Dallas, Denison, Garland, Grand Prairie, Greenville, Irving, Mesquite, Plano, Port Arthur, San Angelo, Sherman, Texarkana and Tyler, and counties of Harris, Cameron and Hidalgo.

Traffic safety coordinators will be employed in participating communities, paid by funds provided by the governor's office of Traffic Safety Administration. Funds will also go to deployment of traffic officers on an overtime basis in selected areas at selected times to police selected violations with original emphasis on alcohol-related offenses.

FOOD STAMPS EXPANDED — All 254 counties will be brought under a statewide food stamp programs are operating under a new computerized "Authorized to Purchase" care system of identification. As of August 1, the Postal Service will begin post office issue of food stamps in all existing food stamp counties except for Bexar, Harris and El Paso.

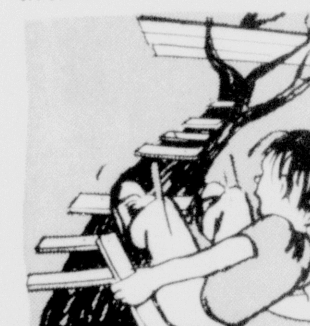

Attractive Nuisances

When children come to visit, chances are you feel a sense of responsibility for their safety. But suppose a child comes onto your premises without permission—or, perhaps, when you are not even home. Could you be held legally liable in case he gets hurt?

Indeed you can, under the "attractive nuisance doctrine" now in force in most states. This doctrine says you may be responsible for having something hazardous on your property that a child is not likely to see and avoid.

As the name implies, the hazard must be one which youngsters would ordinarily find attractive.

One case involved a tree house in a family's back yard, where neighboring children often came to play. The tree house was wobbly, and one day a youthful climber lost his footing and suffered a bad fall.

Even though the parents were not home at the time of the accident, a court subsequently held them liable. The court said they should have realized, with a hazard so alluring to children, that they were inviting trouble.

Furthermore, the thing must be not only attractive but also a nuisance—that is, faulty in some way.

In another case, a boy was injured when he fell off an old couch in a neighbor's garage. But there was nothing wrong with the couch. It was therefore not an attractive nuisance, a court ruled later, and the householder did not have to pay damages.

Of course, the age of the victim is an important element in the situation. Courts have frequently turned down claims of children over 12, saying they were old enough to have recognized and avoided the particular hazard that brought them to grief.

Nor does the law expect a home owner to spend major sums of money to clear away minor dangers. It is not his duty, as one judge put it, to make his premises "child proof."
